

Supplier List

Last update: November 2018.

Note 1: This list is updated twice per year.

Note 2: This supplier list includes all finished goods factories that are currently being monitored by Patagonia, regardless of whether or not they manufacture a product that is currently available to customers. The Footprint Chronicles website is linked to products currently available in-store and on-line, and may include inactive factories. As a result, this supplier list is more comprehensive and up-to-date than The Footprint Chronicles website.

Note 3: Suppliers are listed using the following naming convention: *Parent Company - Name of Facility*. (Parent Company is the name of the organization that owns the Facility or owns the business relationship with Patagonia. When no Parent Company is listed, the Parent Company Name is the same as the Facility Name.)
